

TAURUS
By Deborah Savran

A C#min
I've lived the glamour
D
Walked down Indulgence Street
Like Lady Madonna wonderin'
How I'll manage to make ends meet

A C#min
Falling for distractions
D
'round each bend to take me off track, but
I've got golden focus now
Bang! Deal with that!

CHORUS
C#min G
So watch out obstacles in my way
This bull won't let lies run societay

Full moon in May
Is coming our way
Strength Focus and Care
Constellating everywhere

Take off the blinders
Focus means sensitivity
And off the charts strength
Trusting what you can not see

So watch out obstacles in my way
This bull won't let lies run societay

BRIDGE
A E
Absolutely rockin' it out
G D
Absolutely rockin' it out. X2

A C#min
I'm total free range
Can't trap me in bullfighting rings

Matador ain't gotta chance
to thrust his sword into my wings

Space is my gift to you
No sympathy and no nonsense
Let's play a different game
One that busts through what is dense

C#min G
And watch out obstacles in my way
This bull won't let lies run societay

A E
Absolutely rockin' it out
G D
Absolutely rockin' it out. X2
